

Dearcroft Montessori Summer Program

Toddler & Casa

The Dearcroft Montessori Summer Program will be available in two sessions starting July 2nd, 2019 through August 16th, 2019. The first session is four weeks from July 2nd - July 26th and the second session will be three weeks starting July 29th - August 16th. The Summer Program provides students with an opportunity to focus on Arts, Science, Sports and Nature. Each session will be comprised of fun physical activities that encourage hands-on exploration to create, explore and experiment in a safe and caring environment, as well as offering the Montessori principles in a multi-age group setting. We will deliver exciting learning experiences that will help prepare students for the new school year. We have several community partners that will offer a diverse exploration of art, science, nature, and various sports activities throughout the summer. Our Summer Program will also provide nutritious catered lunches and snacks provided by Real Food For Real Kids. These nut free lunches are globally inspired dishes made with real ingredients that are sourced locally from Ontario Farms and/or Canadian coastlines.

Session One: Multi-Sports/ Nature/Science

July 2nd – July 26th

Session Two: Animals/Arts/Science

July 29th – August 16th

Summer Session Program, Descriptions, Dates and Fees

Session One:

Multi-sport Fun: Soccer, Baseball, Basketball, and Gymnastics! July 2nd – July 5th

Students will be introduced to the fundamentals of each sport. They will participate in mini drills, fun games and team experiences all outdoors with the guidance of professional coaches from Soccer Shots and My Gym. Each morning will consist of warm ups, drills, and team activities.

Multi-sport Fun with a twist of Science! July 8th – July 12th

Now that we have the fundamentals of each sport down, we will begin to explore different creative and imaginative play experiences. Lead by professional coaches, students will participate in developmentally appropriate games while building balance, co-ordination and team skills. This week students will also be introduced to a Science Workshop Bouncy Bubbles led by Safari Science.

Multi-sport Fun along with exploring radical reptiles! July 15th – July 19th

Game time! We will be enjoying fun multisport games along with amazing gymnastic moves all week long! Each morning we will be participating in some fun games outside. We will also explore reptiles from around the world! This week we will be inviting Safari Science to bring their Radical Reptiles for a more in-depth exploration hands-on.

Multi-Medium Arts, Movement and Exploration! July 23rd -July 26th

This week we will be exploring various mediums of art, painting with texture, art in the park and exploring nature through the senses. We will be exploring and mixing with Safari Science making Science Potions. We will also have a visit from My Gym to teach us the basics of full body movement through gymnastics movements.

Session Two:

Adventure in Nature and Cuddly Critters! July 29th- August 2nd

Let's go on an adventure out in nature! We will learn about Cuddly Critters from Safari Science and have a visit from the Humane Society. This week is full of lots of exploring in nature, learning to be an environmental ranger, visiting parks, going on a nature scavenger hunt and much, much more.

Mixing and Experimenting, Building and Designing! August 6th – August 9th

This is all about experimenting with liquids and solids every morning! We will be using various materials to design and build in the afternoon. Using our creative juices to work as a team in big groups and small groups. Towards the end of the week Safari Science will present a hands-on workshop all about Slime. Our friends from Bricks 4 Kidz will be here to build and design using lego.

Wacky and Wonderful Art, Science and Nature! August 12th – August 16th

Halton Conservation will be presenting Birds of Prey. We will enjoy fun in the sun with lots of wonderful crafts outdoors. Dress up in the wackiest costume that you can find! Enjoy Water Sports outside all week long! Reptiles or Critters? You decide!
